MESME BESTWICK

PROFESSIONAL SUMMARY

Effective communicator, who is confident to ask questions, pays attention to details and understand project requirements in details. Great team player and critical thinker. I possess a strong foundation in various programming languages and development frameworks. Throughout the course, I gained hands-on experience in software development methodologies and best practices. I have a passion for problem-solving and enjoy working collaboratively to build robust and scalable applications. My technical skills are complemented by effective communication and time management skills, making me a strong team player. I am eager to bring my skills and knowledge to a professional setting and continue to grow as a developer.
